Romeu PDO Organic Olive Oil

- Very charming and complex on the nose. On the palate it is round and smooth. A light almond-like sweet attack, a bit spicy in the throat, followed by greens, olives and wild flowers. A never ending, agreeable and complex after taste.
- Best portuguese olive oil on **Flos Olei Guide** by Marco Oreggia with **92 points**.
- Made exclusively from Menéres family olive trees of the local native varieties: Cobrançosa, Verdeal Trasmontana and Madural.

Besides the Wine and Olive Oil, we also take care of a few thousand hectares of cork tree forests (some of them belonging to the “*EU Natura 2000, a Network for preservation of biodiversity*”), a Museum and the Maria Rita, a Restaurant at Romeu.

All of these worth your visit.

1 – Maria Rita, the restaurant.

2 – Detail of music box from the Museum.

3 – Small cork factory built by Menéres family during the 19th century at their cork trees forest.
